Cornish Library & Community Center Updates

Fundraising Committee Update

The Committee for the Unite, Build, Grow Capital Campaign for the new Cornish Library and Community Center continues to meet monthly. We have subcommittees working with local donors and grant and foundation applications. At this time, we have received \$1,130,800 in donations and pledges. Our website now has a donate button for online contributions. Checks may be made out to the Cornish Community Initiative, with "library project" noted on the "for" line," and sent our PO Box 123, Cornish Flat, NH 03746.

Our goal is \$3M. The estimate for the construction is approximately \$2.6M. We are excited and heartened by the support for this project that will bring a modern 21st Century Library to town and provide community space for multiple groups and activities. Thank you to everyone who has made a gift or pledge. Please see our website for more information: cornishci.org/library/.

Building Committee Update

The Building Committee has completed our work for the design phase of the new Cornish Library and Community Center project. Over the last 14 months, we've worked with the architects, engineers and each other to confirm the details of the building and site design. We now have the final set of the construction documents that will be used when we put the project out to bid. Thanks to the 17 Cornish residents for their support and effort on the committee and subcommittees to bring us to this milestone.

The mission of the CCI is to support projects and programs that help maintain and enhance the quality of life in Cornish, NH.

Interested in being involved with the CCI?

Would you consider teaching a class or creating a program for the community? If so, please reach out to any board member or send an email to info@cornishci.org.

Our website, cornishci.org, has information about our non-profit organization. Updates on the Library and Community Center Project are posted under "Projects."
