

Cornish Community Initiative

March 2026 Newsletter #23

Construction Continues!

- Construction of the new Library & Community Center is on target to be completed in early December 2026.
- The new roofline is beginning to take shape.
- Following completion, the building will be furnished, and the library collections will be moved into the new space.
- In the meantime, the CCI Building Committee meets weekly with the Trumbull-Nelson superintendent.
- The Interior/Exterior Committee is overseeing furnishings and outdoor elements, while the Fundraising Committee continues to pursue grants and community support.
- We are deeply grateful to all who have contributed—every donation helps bring this important community project to life.

Special thanks to Building Committee members (Keith Mullane, Peter and Caroline Storrs, Peter MacLeay, Laura Cousineau) who continue to work closely with Construction Manager Spiros Tzilianos of Trumbull-Nelson, architect Ingrid Nichols of Banwell Architects, and Adam Morse of Engineering Ventures. None of this would be possible without the incredible generosity, skills, and support shared by so many in our

community. Updates on the Library Project Page at <https://cornishci.org/library>.

Cabin Fever Coffee House – Noah & Andrew VanNorstrand performed two high energy sets to a large crowd. Special thanks to Molly & Jay Young, JP Stohrer, and Tamsin Orion & Christ Surunis for stage set up, refreshments, lighting design, and sound engineering. Photos by Steve Bobin. Funding by the Tasker Covered Bridge Fund and audience donations. As usual, this was a Zero Waste event. Thank you!
